Parking Tips

Parking Meters are for turnover (short term) parking, so continuously feeding the meter beyond it's original maximum time is prohibited. Vehicles must move to another spot after the maximum time has elapsed.

OFF STREET PARKING OPTIONS:

The City operated gravel lot at 70 Thames St. (on left) for \$10 per day/24 hours. Pay with credit card and display receipt in window.

Angelos Acre gravel lot at 441 Commercial St. opposite Free Range Fish Co. @ \$ 5 per day/24 hours. Pay with credit card and display receipt in window.

“Local” residents may be best served by leaving their car at home and taking a taxi, TNC Uber/Lyft, or bus.

The following is a link to the City's parking survey that list information on most of the downtown parking garages and lots:
